

MEMBERSHIP SERVICES

ACFC OFFERS THE FOLLOWING SERVICES TO OUR MEMBERS

- Serves as clearinghouse for information about alternative fuel and advanced technology vehicles.
- Coordinates educational workshops and special events to promote awareness.
- Advocates public policies to encourage the development and use of alternative fuels.
- Provides representation on the state's Joint Legislative Committee on Energy.
- Helps develop and implement alternative fuel infrastructure projects around the state.

OUR PRIMARY GOALS:

- Increase domestic energy security
- Enhance economic development
- Improve air quality

JOIN TODAY:

As an individual or an organization you will benefit from helping to guide the decisions that will impact the economic development and air quality in Alabama.

Benefits of joining ACFC include being involved in strategic planning and decisions on critical issues that impact our state's environment and economy. You will join a diverse group of folks committed to building a market for Alternative Fuels and Advanced Technology in Alabama.

Please complete the information below, choose the partnership level and desired committees, then return this form to ACFC at the address below. You may include a check made to "Alabama Clean Fuels Coalition" or upon your request we will send you an invoice.
